

Special Services

Pick Up and Delivery

Can't squeeze out the extra time to drop your kidz off at daycare? Put her on the Dog Kidz Wagg'in! We can pick her up at your home in the morning and bring her back at the end of the day. In fact, if you have any appointments for her during the day, we can take her to those as well. The Dog Kidz Wagg'in has separate crates to keep your kidz safe during transport.

You can order this service for one way, one time or you can set up a package where we'll transport your dog kidz per your schedule. See the Rate Sheet for pricing details. You can also schedule this service at www.dogkidz.com with our on-line Reservation Form.

Grooming

No need for special trips! We can take care of your kidz grooming needs while he is staying with us at the Daycare or Boarding House. Our experienced, certified, in-house groomer will have your baby looking pretty by the time you pick him up or we deliver him back to you. Choose our regular shampoo which is included in the grooming charge or, indulge in one of our luxury speciality shampoos for a small extra charge.

Grooming fees vary by cut and breed.

Luxury Baths

Check out our Bath Menu and make your selection for a spa shampoo. We have everything from Spa Delicious to shampoos with healthful benefits to special formulations for puppies and kittens. Add in a flea dip for a small extra charge. You can include a luxury bath with or without grooming.

Bath options are included on the on-line Reservation Form.

Parties

Have your kidz next birthday party among his friends at Dog Kidz Daycare. We'll select his most special friends and hold a party with games such as "Biscuit

Hunt", "Tug of War", "Dunking for Hot Dogs", "Soap Bubble Chase" and others! Each party guest - up to ten - will go home with a party favor bag with your compliments. We'll take photos and present you with a memory book of your kidz big day!

And don't be surprised to find your kidz as a guest at a playmate's party. You might get an email photo and a treat bag.

Puppy Care

If you long for a new puppy but don't know how you can get through those first few months when so much care is required and you just don't have the time then go get that puppy! Bring your new baby to Dog Kidz and we'll provide the constant monitoring she needs without crating. Of course, you must reinforce the house training when you are at home.

Puppies need to be 8 weeks or older and be current on their shots. They don't need to be spayed or neutered until six months of age. After spaying or neutering, your puppy receives a graduation party -- on us -- and we'll introduce him

or her to the adult world.

Enjoy your puppy -- everybody needs a little puppy love in their life!
